

## TWO (2) EXPERT FIELD TECHNICIANS IN FORESTRY INVENTORIES (ref. 21-018-90004)

CREAF is seeking for two field technicians, to work for SISEBIO project (“Biodiversity Monitoring Global Program of Catalonia”) financed by *Departament de Territori i Sostenibilitat*; LIFE project BIOEFFORMED (“Implementing a Mediterranean biorefinery to boost forest management through the production of added value products”), financed by European Commission; and for POCTEFA CONECTFOR project (“Characterization and preservation of forest areas of High Ecological Value and their ecological connectivity”), financed by European Commission.

The contracts are full time for 4 months, from June to October 2021, and the salary range offered is between 1.657,42 and 1.881,40 € gross per month depending on candidates’ skills.

### TASKS

- Installation of temporal and permanent plots in forest habitats (forests, scrubland and grassland).
- Sampling of vegetation structure using forest inventory methodologies.
- Support on biodiversity sampling tasks.
- Collection of soil samples.

### REQUIREMENTS

- Degree or equivalent in Biology or Environmental Sciences.
- Experience in research work on ecology and forest inventories.
- Full experience and availability for field work.
- Driver’s license B.

### ASSESSABLE CONDITIONS

- Basic knowledge of GIS and databases.
- Experience in citizen science.
- Knowledge in sample soil field methods.
- Expertise in botany, in the identification of flora and in the realization of floristic inventories.
- Knowledge of Catalan language.

### SELECTION PROCESS AND CRITERIA

1. Admission of candidates: **applicants must submit a CV, a cover letter (maximum 500 words) and the questionnaire attached to the offer (filled), by e-mail to [laboral@creaf.uab.cat](mailto:laboral@creaf.uab.cat), until 30 May 2021, indicating the reference code of the offer.** Applications referred to another portal, other than CREAM job openings section and the instructions included in this, will not be accepted.
2. Pre-selection: determination of compliance with the minimum requirements of the offer.
3. Selection: assessment of the preselected candidates by scoring based on objective criteria.
4. Final decision: in case of finding the suitable person, the election will be formally communicated to him/her, and the identification of the chosen person will be published on CREAM job openings section.
