

**TECHNICIAN AT THE *LIFE MIDMACC* AND *SUDOE MONTCLIMA* PROJECTS (ref. 19-025-04709)**

CREAF is seeking for a high specialized technician, to work with a sole full-time contract on the following projects (alternatively/simultaneously):

- *MIDMACC* LIFE18 CCA/ES/001099 project ("Mid-mountain adaptation to climate change"), funded by the European Commission.
- For the CREAF contribution to the INTERREG SUDOE *MONTCLIMA* project ("Climate and natural hazards in the *SUDOE* mountains", ref. SOE3/P4/E0874) from the European Union, funded in part with ERDF.

This technician will coordinate the regional case studies of both projects. The contract is expected to start next September, and will last until the end of the tasks detailed below.

**TASKS**

- Management and leadership of the regional case studies.
- Definition and implementation of adaptation measures: pilot experiences in forest management.
- Monitoring the socioeconomic and ecological effectiveness of the implemented adaptation measures.
- Participation in the development of Integrated Climate Change Adaptation Guidelines for mid-mountain areas.
- Support to the application of ecohydrological models.
- Creation of future land uses maps based on a GIS framework.
- Development of a landscape analysis based on a GIS framework.
- Project meeting preparation, development and reporting.
- Planning and implementation of stakeholder involvement.
- Dissemination of project results.

**REQUIREMENTS**

- Higher degree in Environmental, Forest or Biological Sciences, with experience in multidisciplinary work.
- Experience in forest management and in the implementation of pilot experiences in silviculture.
- Experience in field monitoring of pilot experiences.
- Experience in eco-hydrological, landscape and Geographical Information System (GIS) modelling.
- Training and experience on topics of adaptation to climate change.
- Training and experience on topics of mountain research and landscape management.
- Proficiency in Catalan, Spanish and English, written and spoken.
- Possibility to travel frequently abroad and field work.

**ASSESSABLE CONDITIONS**

- Previous experience in LIFE and SUDOE projects.
- Experience in participatory processes and work with multi-stakeholder platforms.

## SELECTION PROCESS AND CRITERIA

The selection process is led by the research project team, and will be overseen by the Management Office and the Human Resources Area of CREAM. This process consists of:

1. Admission of candidates: **applicants must submit a résumé, a cover letter (maximum 500 words) and the questionnaire attached to the offer (filled), by e-mail to [laboral@creaf.uab.cat](mailto:laboral@creaf.uab.cat), until 1st August 2019, 2 PM, indicating the reference code of the offer.** Applications referred to another portal, other than CREAM job openings section and the instructions included in this, will not be accepted.
2. Pre-selection: determination of compliance with the minimum requirements of the offer.
3. Selection: assessment of the preselected candidates by scoring based on objective criteria.
4. Final decision: in case of finding the suitable person, the election will be formally communicated to him/her, and the identification of the chosen person will be published on CREAM job openings section.
