

QUESTIONNAIRE

POSTDOCTORAL RESEARCHER ON THE BEECOEVO PROJECT (ref. 22-027-47768)

To participate in the selection process, candidates must answer and send the following questionnaire:

Questions	YES	NO
Do you hold a PhD in Molecular Ecology, Ecological Genomics or related fields?		
Do you have strong publication record?		
Do you have experience with Next Generation Sequencing data analysis including Whole Genome Sequencing?		
Do you have fieldwork experience working with animals (experience working with lizards will be considered a bonus)?		
Do you have excellent communication skills in spoken and written English?		
Do you have capacity to contribute to research projects with novel research ideas and analysis?		
Do you have capacity to work as a team in a highly collaborative and diverse environment?		
Do you have programming skills?		

It will be assessed in a particularly negative way that it is affirmatively the possession of requirements that subsequently prove that they are not.
